Royal National Park Environmental Education Centre

Preschool Sustainability Storytime

In the Bin

Royal National Park Environmental Education Centre is coordinating video conferences for preschool classes with sustainability author Kellie Bollard.

These half hour sessions are designed to keep your children engaged through song, actions, storytelling and video. Children can follow the story reading on the interactive whiteboard. 

*In the Bin* is a rhyming story about bins, recycling, worms, compost and all things rubbish. This is a great introduction to correctly sorting household rubbish and the concept of reduce, reuse and recycle. (This text is listed on the NSW Premiers Reading Challenge K-2).

Leading into Recycling Week 11-17 November, here is an opportunity to reinforce the national standard 3.3.2 *Children are supported to become environmentally responsible and show respect for the environment.*

**Group size:** Maximum of one class, 3-5 year olds per session. Limited to 4 schools per session.

**Cost:** $50.00 per school.

**Further information:** [Preschool Sustainability](#)  
**Register through:** [Dart Connections](#)
